

EGYPES 2026: The Energy Voice of North Africa & the East Mediterranean

At the crossroads of Africa, the Middle East, and the Mediterranean, Egypt has become a pivotal energy hub - connecting resources, infrastructure, and markets that shape tomorrow's energy flows.

Global energy investment is projected to reach \$3.3 trillion in 2025, with \$2.2 trillion channelled into clean technologies such as solar, storage, and electrification (Reuters, WSJ). Meanwhile, the Middle East is set to invest \$130 billion in oil & gas supply, standing on the threshold of vast opportunity to expand into renewables and future energy systems (IEA).

Amid surging demand and a forecast 30% growth in regional consumption by 2040, EGPES is the platform where governments, NOCs, IOCs, investors, and innovators converge to forge partnerships and chart the region's energy transformation.

By convening decision-makers at the highest level, EGPES positions Egypt at the heart of the global energy conversation - and drives the investments and innovation needed for a resilient, diversified future.

Arab Republic of Egypt

EGYPES
EGYPT ENERGY SHOW

STRATEGIC ALLIANCES, HISTORIC COMMITMENTS

Today is truly a historic day the signing of these agreements is a clear indication of the strategic nature of our relationship. These are game changers for the region, and beyond.

HE Nikos Christodoulides
President Republic of Cyprus

Signing these agreements today with our brotherly nations reflects our steadfast commitment to strengthening ties and working for the benefit of our people here in Egypt.

HE Abdel Fattah El Sisi
President Arab Republic of Egypt

DEFINING THE ENERGY ROADMAP FOR A REGION IN TRANSITION

Under the esteemed patronage of His Excellency Abdel Fattah El-Sisi, President of the Arab Republic of Egypt, EGPES advances an inclusive, secure, and balanced energy future for North Africa and the Eastern Mediterranean.

As the region's most influential energy conference and exhibition, EGPES drives strategic cooperation amid geopolitical uncertainty, surging energy demand across Africa, and rapid advances in AI.

Policymakers, industry leaders, investors, and innovators convene for three transformative days of high-level dialogue and decision-making. Join the strategic conversation as industry stakeholders shape the regional roadmap for energy security, affordability, and sustainability – today and for generations ahead.

EGYPES is where partnerships are forged, agreements are signed, and the region's energy voice resonates on the global stage.

Join us in Cairo to seize real opportunities for collaboration, action, and impact.

WHY EXHIBIT WITH THE INDUSTRY LEADERS

EGYPES is the commercial hub where policymakers, energy leaders, buyers, and investors connect - and where dialogue turns into action. Exhibiting delivers measurable ROI and positions your business at the centre of a region reshaping global energy dynamics.

ENGAGE WITH HIGH-INTENT BUYERS

EGYPES convenes a targeted community of international energy decision-makers actively seeking trusted partners and proven solutions. Build direct relationships, secure quality leads, and convert interest into lasting growth.

LEVERAGE REGIONAL GROWTH

At the crossroads of Africa, the Mediterranean, and the Middle East, Egypt delivers unmatched access to high-growth markets. Unlock entry into national energy strategies and capitalise on fast-rising regional demand.

MAXIMISE BRAND VISIBILITY

Showcase your business to more than 50,000 policymakers, investors, and purchase influencers across the energy value chain. Align with government priorities, procurement agendas, and multi-billion-dollar regional projects.

SHOWCASE PROVEN SOLUTIONS

From decarbonisation and digitalisation to efficiency, EGPES is where the industry sources solutions that deliver measurable impact. Launch innovations, demonstrate capability, and stand out as a trusted partner of choice.

GAIN STRATEGIC INSIGHTS

Access regional policy updates, investment frameworks, and innovation trends shaping the future energy ecosystem. Apply firsthand intelligence on emerging market needs to tailor solutions and capture new opportunities.

Be seen by the region's most influential buyers. Book your stand at EGPES 2026. Email impact@egypes.com to find out more

The close cooperation between Saudi Arabia and Egypt reflects a deep-rooted partnership that strengthens the bond between our nations and peoples.

HRH Prince Abdulaziz bin Salman bin Abdulaziz Al Saud
Minister of Energy
Kingdom of Saudi Arabia

WHERE POLICY, INNOVATION, AND INVESTMENT CONVERGE

With governments, NOCs, IOCs, investors, and innovators under one roof, EGPES is the region's definitive platform for strategic dialogue and tangible outcomes. It is here that critical decisions advance energy security, affordability, and sustainability.

Exhibiting companies include:

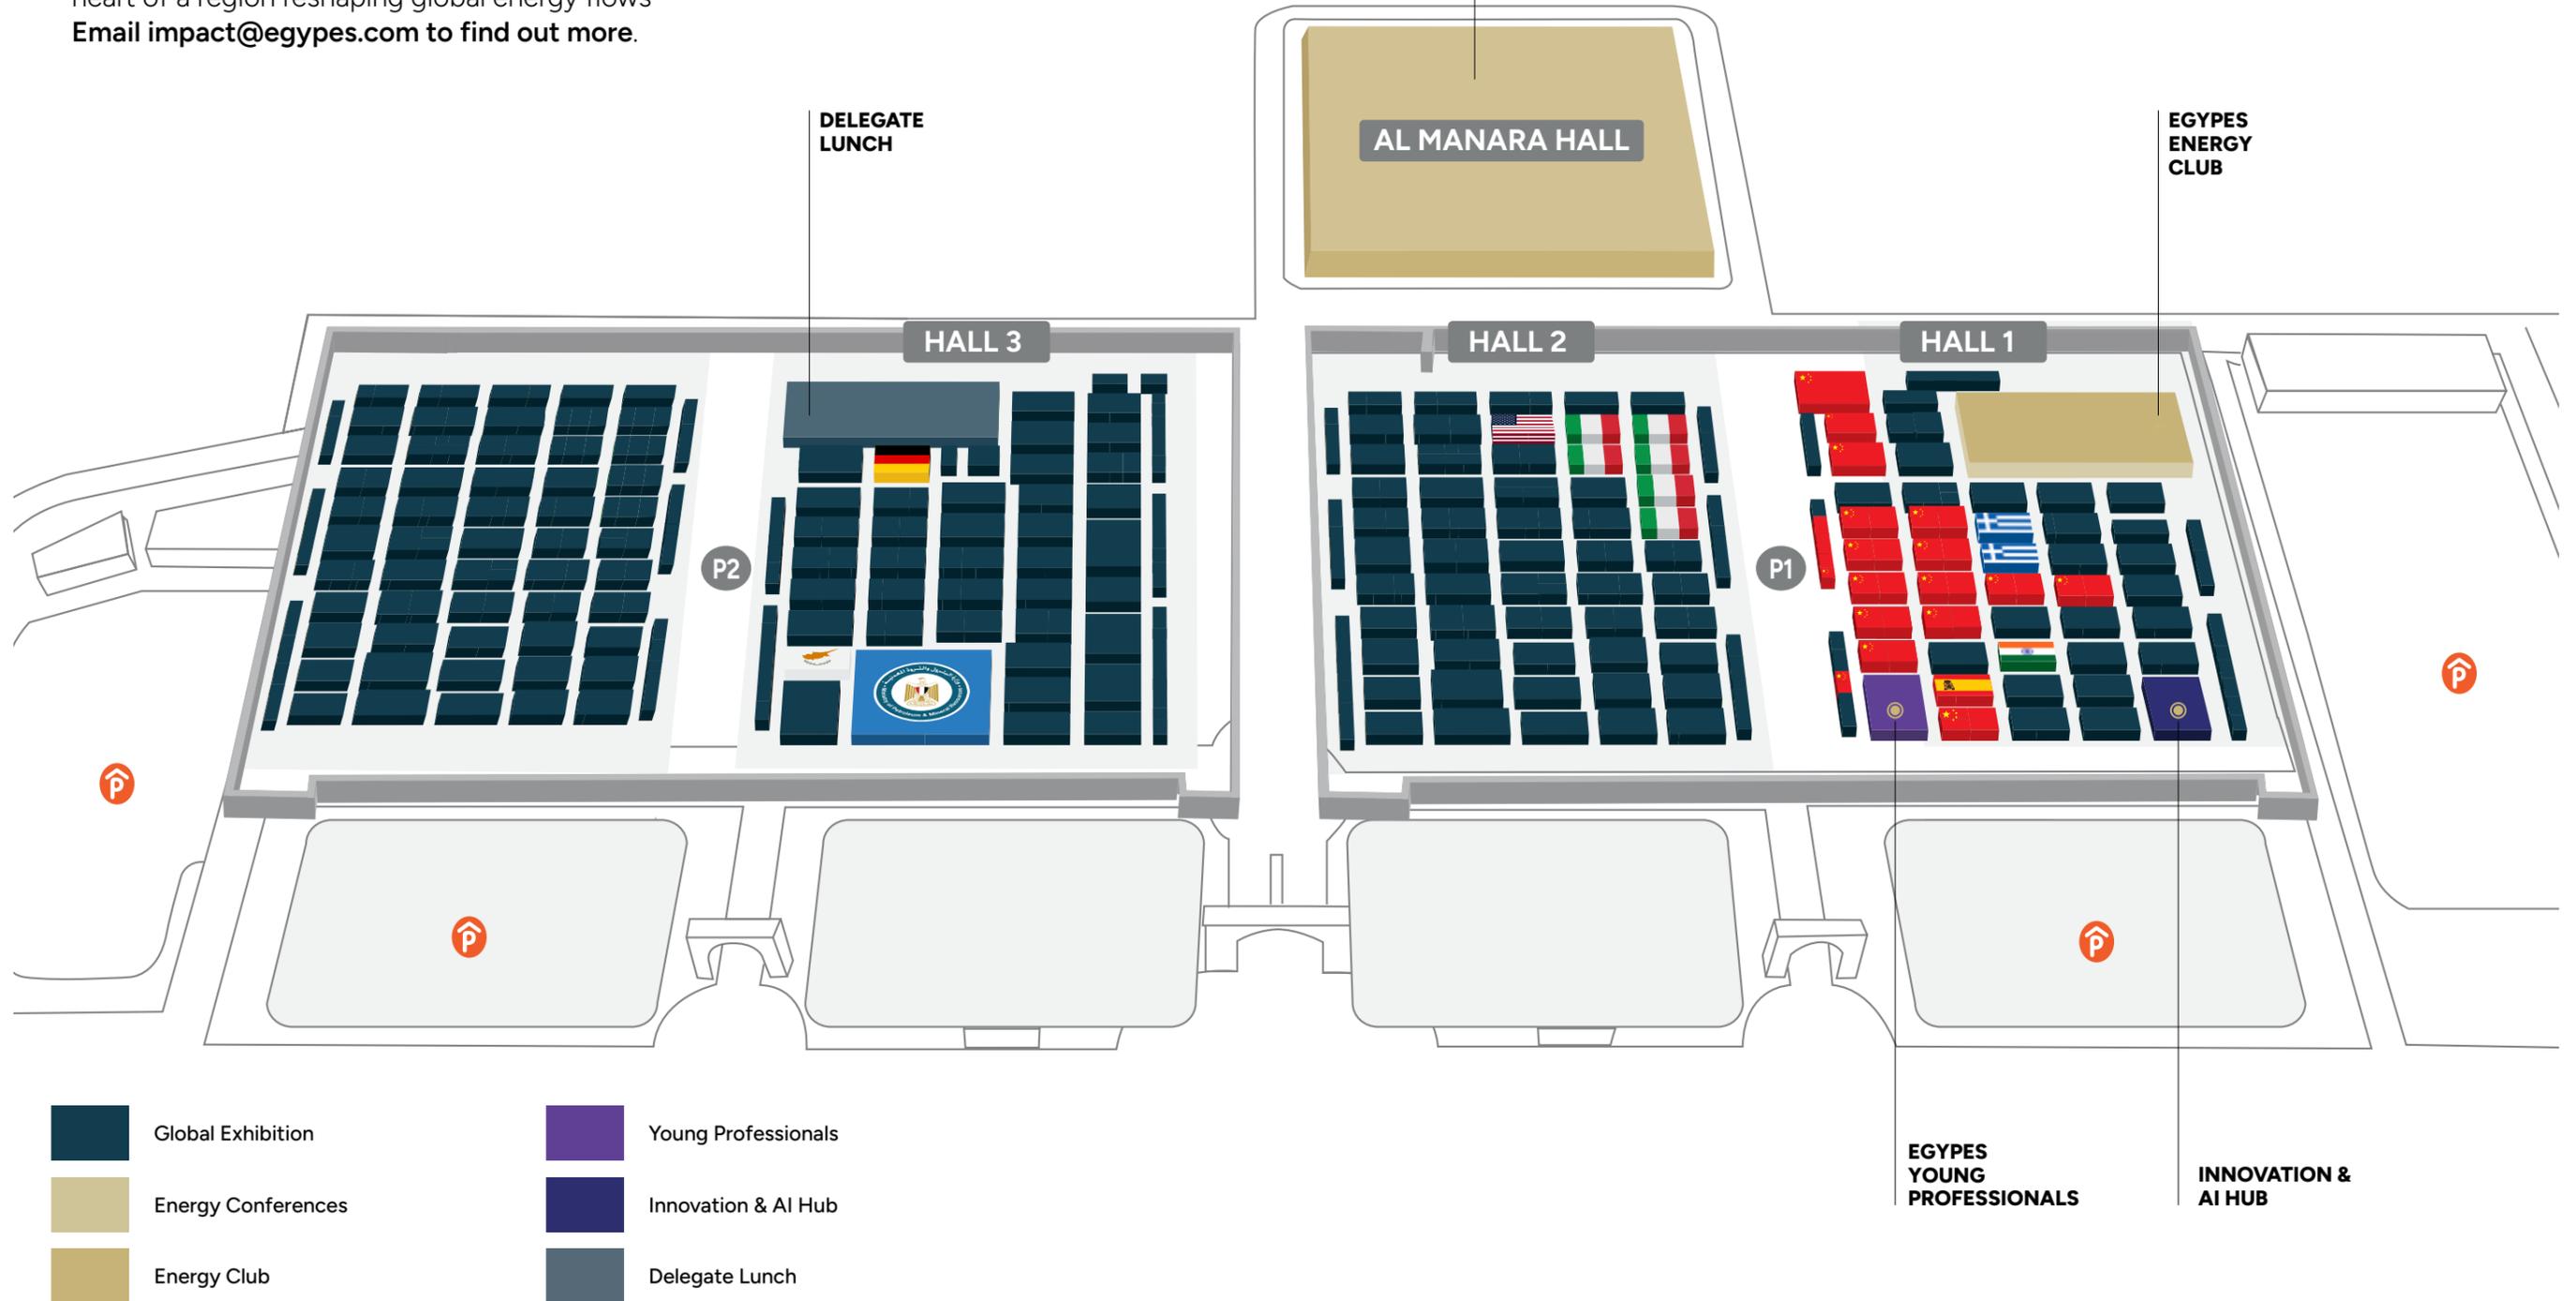

9 National Oil Companies

19 International Oil Companies & International Energy Companies

23 International Technology & Service Providers, Engineering, Procurement & Construction Companies

EGYPES 2026 FLOOR PLAN

EGYPES' 13 country pavilions connect governments, energy companies, and the private sector, offering exhibitors a powerful platform to showcase national expertise and secure international partnerships. For visitors, the pavilions provide direct access to national energy strategies, policies, and investment priorities.

Exhibitors benefit from the collective strength and reputation of their country's energy industry, boosting visibility, credibility, and commercial reach. Visitors gain a gateway to priority projects, breakthrough technologies, and ambitious partnerships shaping the region's energy future.

From established players to fast-growing economies, EGPES country pavilions create an inclusive environment where exhibitors expand influence and visitors discover opportunities for dialogue, collaboration, and deal-making.

COUNTRY PAVILIONS

-  CANADA
-  CHINA
-  CYPRUS
-  GERMANY
-  GREECE
-  INDIA
-  ITALY
-  SOUTH KOREA

-  POLAND
-  SPAIN
-  UAE
-  UK
-  USA

OVERVIEW EGYPES CONFERENCES

The EGYPES 2026 Conferences bring together the world's energy decision-makers to address defining issues shaping the future of the industry, from regional security and capital investment to digital transformation and low-carbon innovation.

Two comprehensive conferences, Strategic and Technical, this new multi-track programme will feature over 100 sessions including ministerial dialogues, investment debates, technical deep dives and innovation showcases, all designed to drive development through insight and action.

PROGRAMMES:

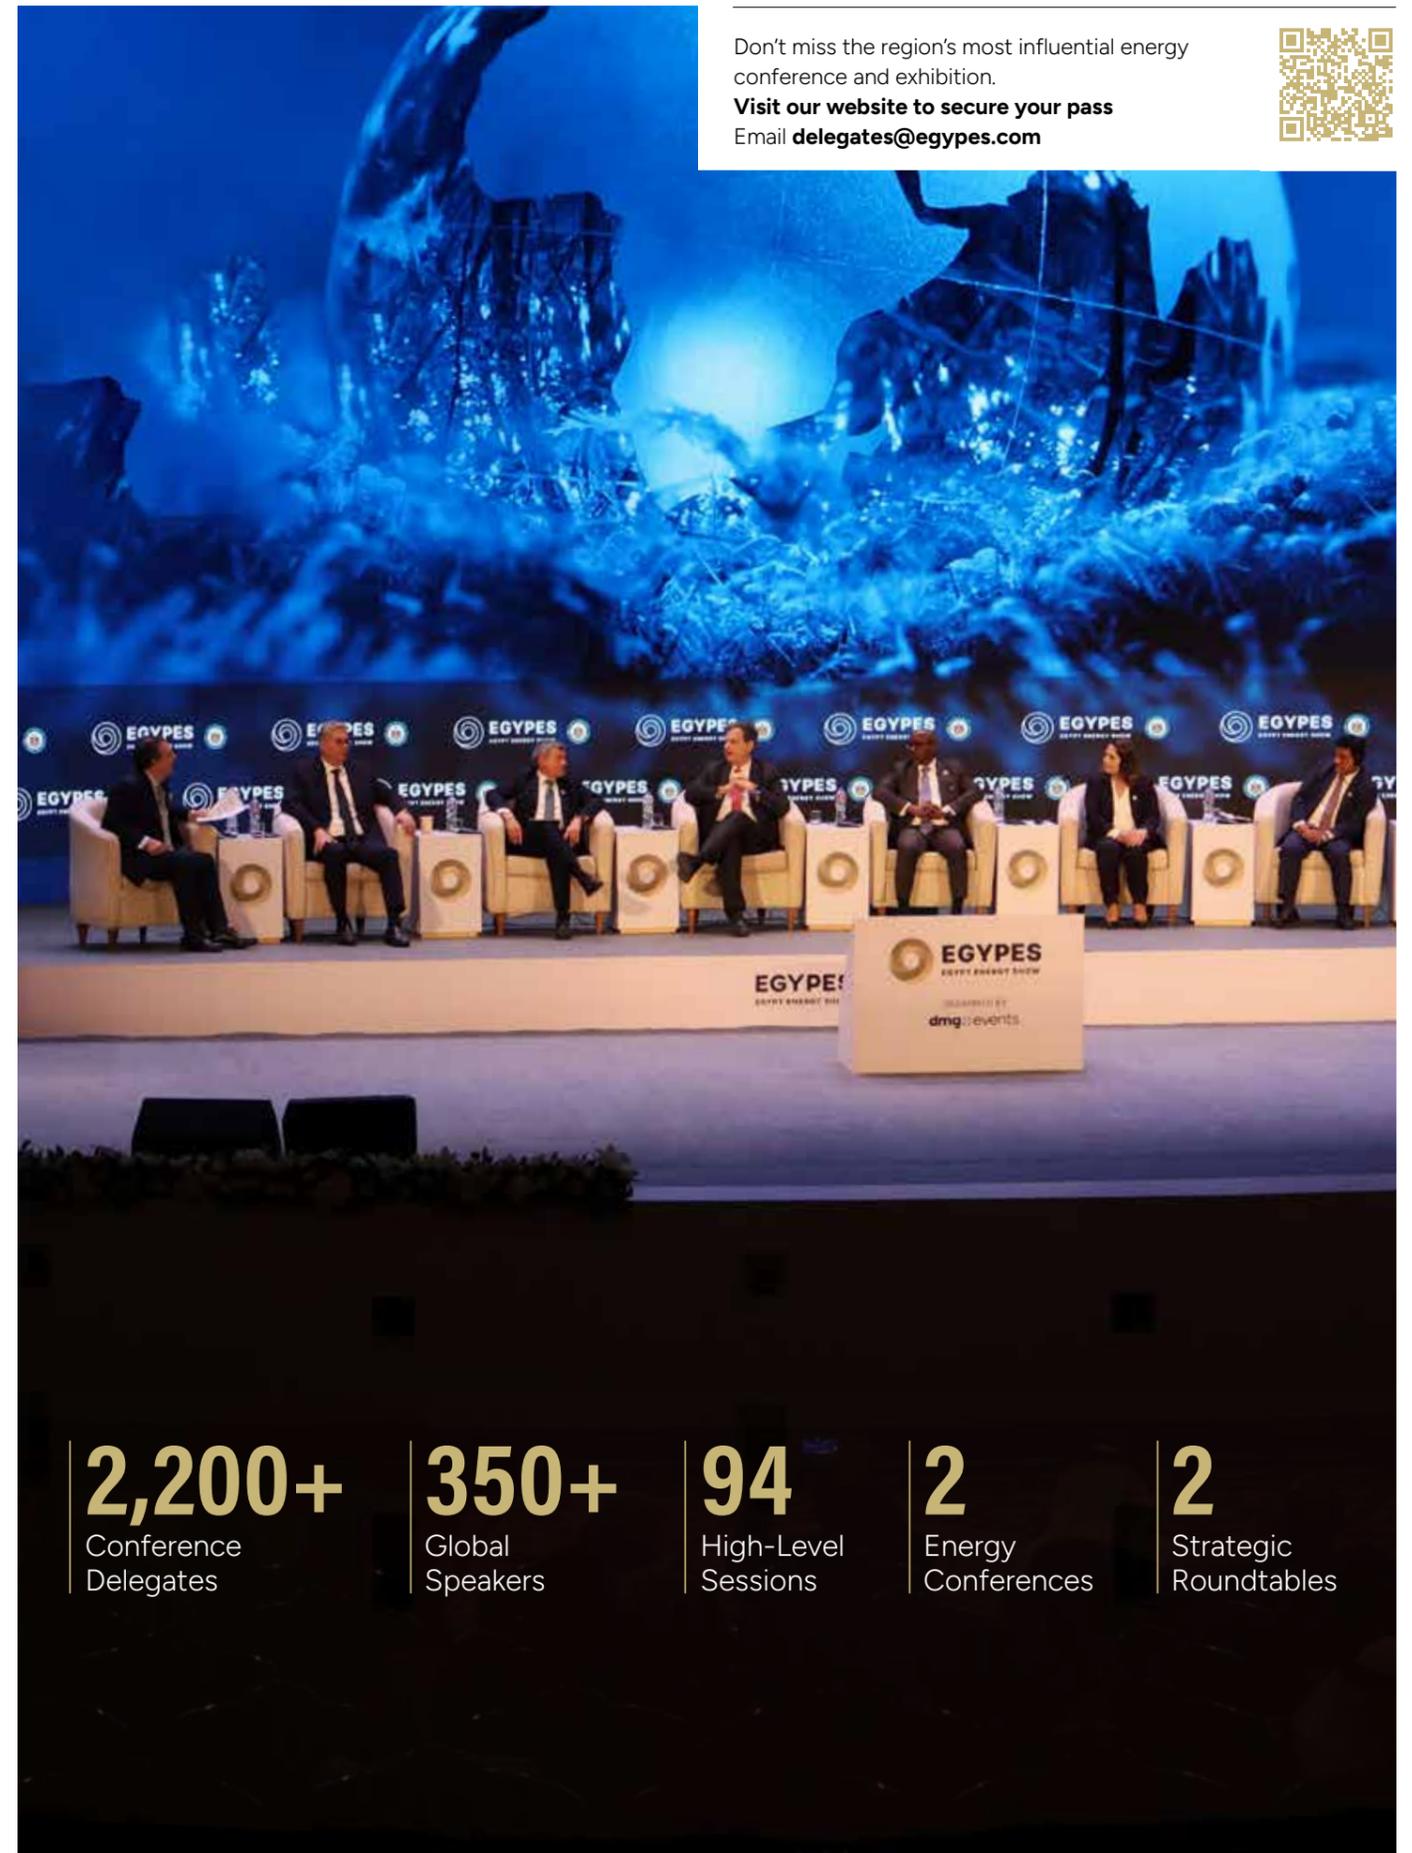

- Global Energy Markets
- Gas and LNG
- Electricity and Power Generation
- Maritime, Ports and Offshore
- African Emerging Energy Markets
- Tech, Innovation and AI
- Leadership and Development
- Renewable Energies
- Hydrogen
- Downstream
- Finance and Investment

NEW CATEGORIES FOR 2026:

- Decarbonisation, Energy Transition and Energy Efficiency
- Offshore and Subsea Production, Operations and Technology
- Energy Economics, Governance, Agreements and Finance
- Drilling and Completions
- Renewable Energy

Don't miss the region's most influential energy conference and exhibition.

STRATEGIC CONFERENCE

The EGPES Strategic Conference is the region's most influential government-to-business platform, where global energy ministers, CEOs, policymakers, and industry leaders come together to address the realities and responsibilities of today's evolving energy landscape.

Against a backdrop of geopolitical and trade volatility, supply disruptions, and rising demand, the 2026 agenda will focus on reframing energy through renewed realism, transparent collaboration and positive action.

Featuring multi-disciplinary dialogues across 11 focused programmes, the Strategic Conference explores how to drive resilient energy systems, accelerate decarbonisation commitments, and ensure inclusive growth across Africa, the Mediterranean, and the Middle East.

This is where energy direction is set, partnerships are built, and strategic priorities take shape - not in theory, but in practice.

PROGRAMMES:

Global Energy Markets

Gas and LNG

Electricity and Power Generation

Maritime, Ports and Offshore

African Emerging Energy Markets

Tech, Innovation and AI

Leadership and Development

Renewable Energies

Hydrogen

Downstream

Finance and Investment

Don't miss the region's most influential energy conference and exhibition.

Ambition translates into action at the EGPES Technical Conference where leading engineering talent and technology experts dive deep into the tools and methodologies transforming energy operations, with specific focus upon Africa and the East Mediterranean.

From operational excellence, emissions reduction, digital transformation and renewable integration, the conference delivers peer-reviewed insights, real-world case studies and practical knowledge – driving collaboration and action on energy security, sustainability and affordability.

Whether addressing enhanced oil recovery, AI-enabled maintenance or hydrogen infrastructure, the Technical Conference confronts the sector’s real challenges and showcases real solutions that deliver measurable results.

TECHNICAL CONFERENCE CATEGORIES

Downstream: refining technology, operations and marketing (REF)	Environmental sustainability and climate change (ESC)
Downstream: petrochemicals technology and operations (PET)	Energy economics, governance, agreements and finance (EGAF) NEW
Upstream: exploration of conventional resources (CONV)	Digitalisation (DIGI)
Upstream: exploration of unconventional resources (UNCOV)	Health and safety (HS)
Gas/LNG processing, operations and technology (GAS)	Project management and execution (PM)
Midstream: infrastructure, transportation and storage (MID)	Operational excellence (OEX)
Offshore and subsea production, operations and technology (OS) NEW	People and talent Development (PPL)
Decarbonisation, energy transition and energy efficiency (DTE) NEW	Geoscience (GEO)
Hydrogen, biofuels, alternative fuels, nuclear (ALT)	Oil and gas field development (FD)
Renewable energy (RE) NEW	Drilling and completions (DC) NEW

Innovation & AI Pitch Competitions

The new EGPES 2026 Innovation & AI Hub is the focal point for pioneering technology providers and energy companies, showcasing digital solutions that tackle the industry's most urgent challenges.

AI is transforming the energy sector: the global market is set to climb from **\$11.3 bn** in 2024 to over **\$54 bn** by 2030, growing at nearly 30% annually.

Connect with innovators harnessing advanced technologies to drive optimisation, efficiency, predictive maintenance, and safety. Experience the latest AI tools first-hand and explore their potential to cut costs, secure supply, extend asset lifetimes, reduce downtime, and lower emissions.

From next-gen start-ups to established tech leaders with deployment-ready platforms, exhibitors demonstrate their solutions to senior decision-makers across the energy value chain.

The Innovation & AI Hub is where collaboration meets execution - delivering transformation at speed and scale through the power of technology.

INNOVATION & AI PITCH COMPETITIONS

Scale the next wave of energy innovation

The Innovation & AI Pitch Competitions spotlight the most innovative technologies driving energy sector transformation across Africa and the Eastern Mediterranean. It has two dedicated tracks: one for early-stage and one for commercially mature solutions.

DAY 1, MONDAY - 30 MARCH 2026 INNOVATION & AI START-UP PITCH

The Start-Up Pitch identifies and supports early-stage start-ups and entrepreneurs developing disruptive technologies in AI, digitalisation, infrastructure, decarbonisation and emissions reduction. The winner, announced at the EGPES Awards, will receive up to \$35,000 in incentives to accelerate business growth and development, including an exhibition stand at EGPES 2027.

DAY 2, TUESDAY - 31 MARCH 2026 INNOVATION & AI INDUSTRY PITCH

The Industry Pitch is for medium-to-large tech companies with mature, scalable technologies ready for regional deployment in fields such as AI, decarbonisation, digitalisation, clean energy and smart grid systems. Participating Companies gain direct access to decision-makers from NOCs, IOCs and governments, and opportunities for MoUs and partnerships will be announced onsite at EGPES 2026.

Join leading energy economies and companies at EGPES 2026. Email impact@egypes.com to find out more
