egypes.com

10 Years of Progress Powering the Next Decade of Energy

Over the past decade, Egypt has strengthened its role in regional and international energy markets, connecting Africa, the Middle East and beyond through infrastructure, investment and collaboration.

Alongside this growth, Egypt Energy Show has evolved from a focused petroleum gathering into a global energy platform, bringing together governments, the global energy industry, investors and technology leaders to address the priorities shaping energy systems today and in the years ahead.

As global demand accelerates, driven by urbanisation, industrial growth and digital transformation, energy systems are being asked to deliver more than ever before. Ensuring security, affordability and resilience while advancing lower-emission solutions requires scale, investment and coordinated action across the full energy value chain.

Marking its 10-year anniversary, Egypt Energy Show 2027 reflects a decade of progress and partnership. It continues to convene the global energy community to exchange perspectives, strengthen collaboration and move from dialogue to delivery.

As the industry looks ahead, Egypt Energy Show remains a meeting point where priorities are aligned, partnerships are formed and the next phase of global energy development takes shape.

Egypt Energy Show 2026 represents an important opportunity to showcase Egypt as a stable and attractive investment destination while strengthening regional and international partnerships across the energy sector. 

HE Eng Karim Badawi
Minister of Petroleum and Mineral Resources
Arab Republic of Egypt

STRATEGIC ALLIANCES, HISTORIC COMMITMENTS

Let me once again stress the great importance of cooperation among us, with the countries of the Mediterranean and with the European Union in the field of energy. 

HE Abdel Fattah El-Sisi
President
Arab Republic of Egypt

We can transform uncertainty into stability, and stability into opportunity and prosperity through partnership and regional cooperation. 

HE Nikos Christodoulides
President
Republic of Cyprus

POWERING CONNECTIONS ACROSS AFRICA, THE MIDDLE EAST, EUROPE AND BEYOND

Under the esteemed patronage of His Excellency Abdel Fattah El-Sisi, President of the Arab Republic of Egypt, the Egypt Energy Show advances an inclusive, secure, and balanced energy future for North Africa and the Eastern Mediterranean.

Over the past decade, the Egypt Energy Show has evolved into a leading energy gathering across Egypt, North Africa and the Mediterranean, connecting Africa, the Middle East, Europe and beyond.

As energy systems face growing pressure to deliver security, affordability and resilience, Egypt Energy Show' brings together governments, the global energy industry, investors and technology leaders to strengthen collaboration and advance shared priorities across regions.

Covering the full energy value chain, the event supports practical dialogue, partnership development and coordinated action across markets.

Marking its 10th anniversary, the Egypt Energy Show 2027 builds on a decade of progress, continuing to connect regions, align priorities and support the next phase of global energy development.

WHY EXHIBIT WITH THE INDUSTRY LEADERS

The Egypt Energy Show 2027 marks the 10th anniversary edition of the region's leading energy platform - a decade of connecting industry leaders, advancing dialogue, and enabling meaningful business outcomes.

Bringing together policymakers, energy leaders, investors, and technology innovators, the Egypt Energy Show has evolved into a trusted global meeting point where partnerships are formed and the future of energy is shaped. Exhibiting positions your organisation at the centre of a region driving transformation across Africa, the Mediterranean and the Middle East.

ENGAGE WITH HIGH-VALUE BUYERS

For ten years, the Egypt Energy Show has attracted senior decision-makers actively seeking innovative solutions and strategic partnerships. Connect directly with buyers, build lasting relationships, and convert engagement into measurable commercial growth.

SHOWCASE INNOVATION & INDUSTRY SOLUTIONS

As the industry marks a decade of progress at the Egypt Energy Show, exhibitors present technologies and solutions advancing energy security, decarbonisation and operational excellence. Launch innovations, demonstrate expertise, and position your organisation as a partner of choice for the next phase of energy development.

LEVERAGE REGIONAL GROWTH

Celebrating ten years of industry collaboration, the Egypt Energy Show continues to unlock access to high-growth markets across Africa, the Mediterranean and the Middle East. Align with evolving national energy strategies and capitalise on expanding regional investment opportunities.

GAIN STRATEGIC INSIGHTS

Benefit from a decade-strong platform recognised for high-level dialogue and knowledge exchange. Engage with policymakers and industry leaders to understand policy direction, investment priorities and emerging technologies shaping the global energy landscape.

MAXIMISE BRAND VISIBILITY

Be part of a milestone edition attended by thousands of policymakers, investors, operators and procurement leaders from across the global energy value chain. Strengthen brand credibility and align your organisation with one of the industry's most established and influential energy gatherings.

ENABLE MEANINGFUL PARTNERSHIPS

Engage on a platform built for collaboration, where conversations lead to tangible outcomes. The Egypt Energy Show connects you directly with decision-makers, partners, and investors to support long-term business relationships and strategic growth.

Diversification of energy supply is essential for security and economic stability, and the East Mediterranean offers important new opportunities to strengthen reliable and diversified energy partnerships.

Ditte Juul Jørgensen
Director-General for Energy,
European Commission

WHERE POLICY, INNOVATION, AND INVESTMENT CONVERGE

With governments, NOCs, IOCs, investors, and innovators under one roof, Egypt Energy Show is the region's definitive platform for strategic dialogue and tangible outcomes. It is here that critical decisions advance energy security, affordability, and sustainability.

2026 Exhibiting companies included:

9

National Oil Companies

20

International Oil Companies & International Energy Companies

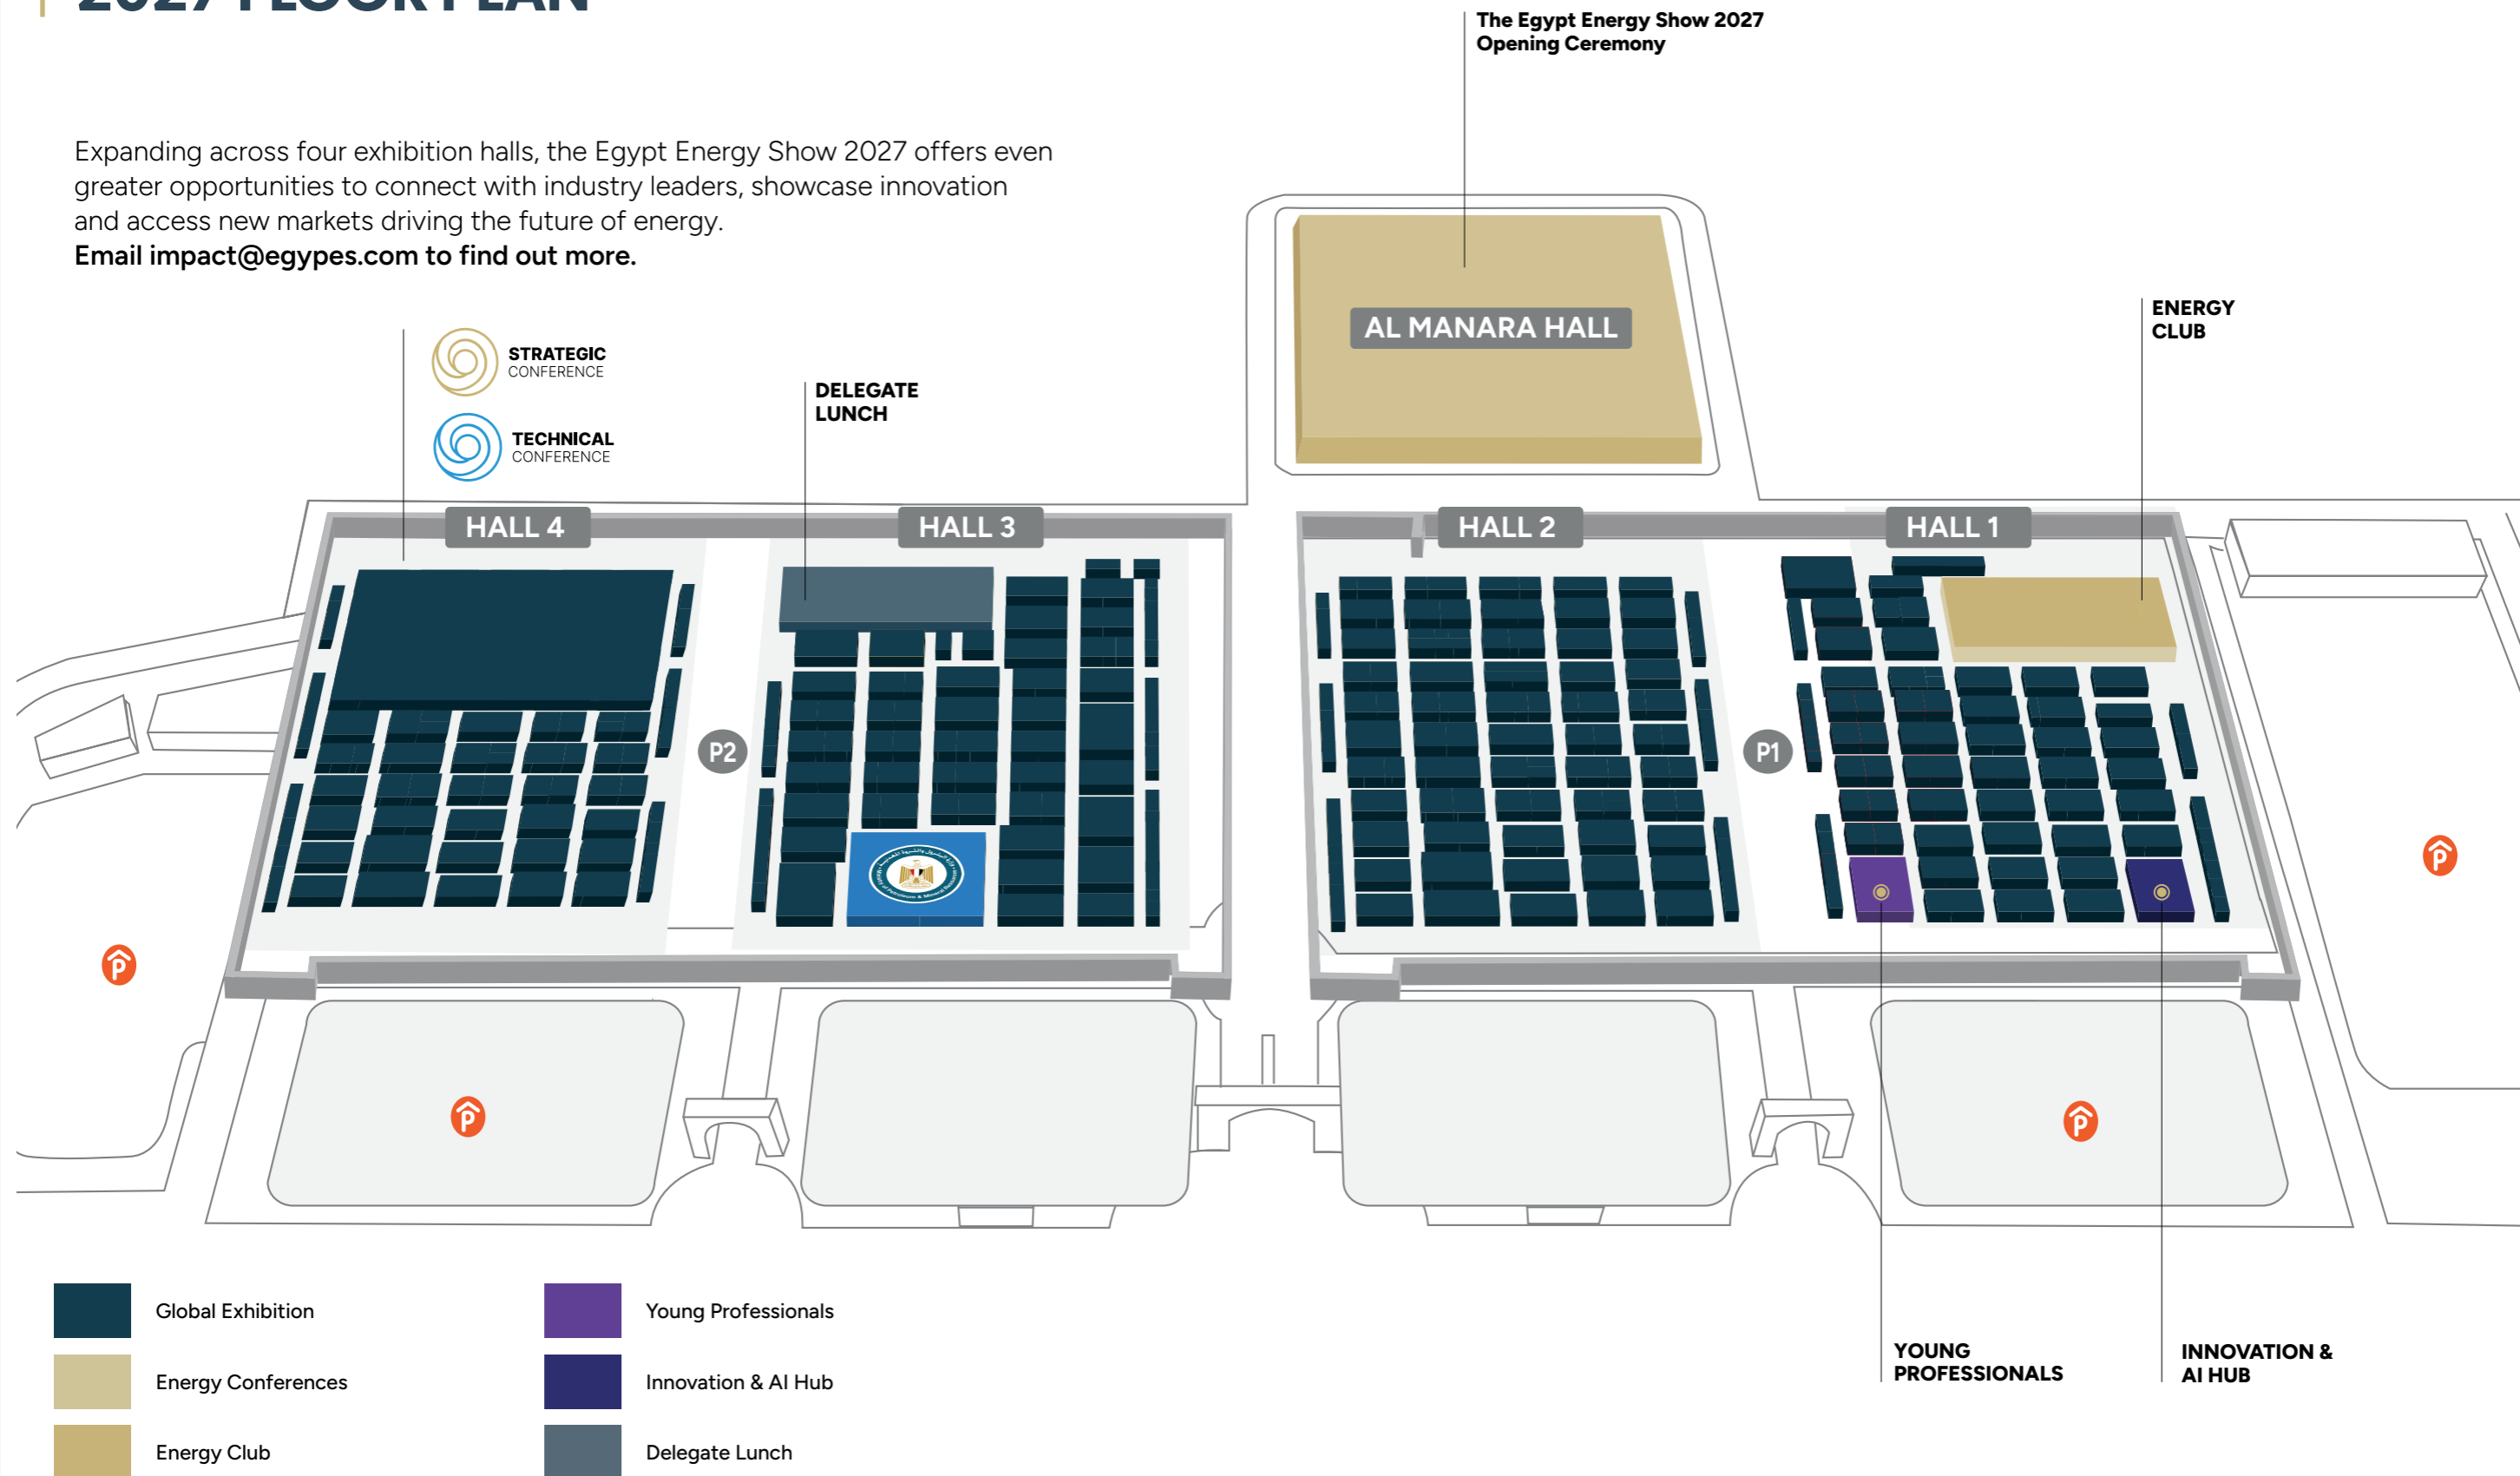

26

International Technology & Service Providers, Engineering, Procurement & Construction Companies

2027 FLOOR PLAN

Expanding across four exhibition halls, the Egypt Energy Show 2027 offers even greater opportunities to connect with industry leaders, showcase innovation and access new markets driving the future of energy.
 Email impact@egypes.com to find out more.

THE ENERGY VALUE CHAIN, REDEFINED

Upstream

Exploration & production solutions
Spanning drilling, reservoir engineering, and field development.

Midstream

Transport, storage & infrastructure
Including LNG, pipelines, shipping, and tankers.

Downstream

Refining, processing & petrochemicals
Covering natural gas processing, petrochemicals, and crude-to-chemicals.

Power & Utilities

Electricity generation & grid infrastructure
Including renewables, thermal power, transmission, distribution, and storage.

Energy Investment

Capital, policy & strategic projects
From climate finance and PPPs to government frameworks.

Future Energy Systems

Low-carbon technologies & digital solutions
Including hydrogen, carbon capture, AI, and automation.

ATTENDEE BREAKDOWN BY REGION

CONNECTING NATIONS, DRIVING ENERGY FUTURES

Be seen by the region's most influential buyers.
Book your stand at the Egypt Energy Show

The Egypt Energy Show's 13 country pavilions connect governments, energy companies, and the private sector, offering exhibitors a powerful platform to showcase national expertise and secure international partnerships. For visitors, the pavilions provide direct access to national energy strategies, policies, and investment priorities.

Exhibitors benefit from the collective strength and reputation of their country's energy industry, boosting visibility, credibility, and commercial reach. Visitors gain a gateway to priority projects, breakthrough technologies, and ambitious partnerships shaping the region's energy future.

From established players to fast-growing economies, Egypt Energy Show country pavilions create an inclusive environment where exhibitors expand influence and visitors discover opportunities for dialogue, collaboration, and deal-making.

CONFERENCES OVERVIEW

The Egypt Energy Show 2027 Conferences will bring together the world's energy decision-makers to address the priorities shaping the future of the industry, from energy security and investment to technology deployment, infrastructure development and energy transformation.

Across the Strategic and Technical Conferences, 100 high-level sessions will feature ministerial dialogues, executive leadership discussions, technical insights and innovation showcases, providing a platform for industry leaders to share expertise, explore opportunities and advance the future of energy through collaboration and action.

Energy Conferences

The Strategic Conference is the region's most influential government-to-business platform, where global energy ministers, CEOs, policymakers, and industry leaders come together to address the realities and responsibilities of today's evolving energy landscape.

Against a backdrop of geopolitical and trade volatility, supply disruptions, and rising demand, the 2027 agenda will focus on reframing energy through renewed realism, transparent collaboration and positive action.

Featuring multi-disciplinary dialogues across 11 focused programmes, the Strategic Conference explores how to drive resilient energy systems, accelerate decarbonisation commitments, and ensure inclusive growth across Africa, the Mediterranean, and the Middle East.

This is where energy direction is set, partnerships are built, and strategic priorities take shape - not in theory, but in practice.

PROGRAMMES:

Global Energy Markets

Gas and LNG

Electricity and Power Generation

Maritime, Ports and Offshore

African Emerging Energy Markets

Tech, Innovation and AI

WHY SUBMIT TECHNICAL ABSTRACTS?

Covering digital transformation, unconventional resources, offshore technology, drilling infrastructure, downstream value-add and environmental governance, the Technical Conference delivers peer-reviewed insights, real-world case studies, and practical knowledge that drives operational excellence, smart processing and sustainable exploration and development. From AI-integrated infrastructure management and advanced asset corrosion management technologies to renewable integration and intelligent safety systems, the Conference addresses the region's most pressing challenges and showcases solutions designed to deliver measurable impact.

INNOVATION & AI HUB

The Innovation & AI Hub is the focal point for pioneering technology providers and energy companies, showcasing digital solutions that tackle the industry's most urgent challenges.

Connect with innovators harnessing advanced technologies to drive optimisation, efficiency, predictive maintenance, and safety. Experience the latest AI tools first-hand and explore their potential to cut costs, secure supply, extend asset lifetimes, reduce downtime, and lower emissions.

From next-gen start-ups to established tech leaders with deployment-ready platforms, exhibitors demonstrate their solutions to senior decision-makers across the energy value chain.

The Innovation & AI Hub is where collaboration meets execution - delivering transformation at speed and scale through the power of technology.

HUB EXPERIENCES

AI ENABLED START-UP PODS

Emerging ventures bringing disruptive, investment-ready solutions to the energy value chain.

LIVE DEMOS & IMMERSIVE SIMULATIONS

Immersive showcases of AI in action - from predictive maintenance and smart grids to emissions monitoring and autonomous systems.

TECH TALKS

Leading experts share cutting-edge use cases and strategies revolutionising energy through Artificial Intelligence.

PITCH COMPETITIONS

Start-Up Pitch for early-stage ventures; Industry Pitch for deployment-ready technologies.

ENERGY CLUB

WHERE LEADERS CONNECT

In line with the event’s mission to transform energy through collaboration, action and realism, the Club serves as a critical platform for forging partnerships, exploring investment opportunities and aligning on strategic priorities for the year ahead.

Participation is reserved for the most influential voices across policy, finance, technology and operations, ensuring every interaction is purposeful, senior-level and future-focused.

EXCLUSIVE ACCESS FOR ENERGY CLUB MEMBERS TO:

- Members Only Private Lounge
- Private Meeting Suites
- Premium Networking Among 1,800 Peers
- VIP Concierge Services And Amenities
- Media-Free Environment

Dedicated for ministers, C-suite executives and policymakers, the Energy Club facilitated high-level engagement shaping the future direction of regional energy markets.

NETWORKING EXPERIENCES

RECOGNISING EXCELLENCE

Exclusive, invitation-only experiences reserved for the senior decision-makers shaping the global energy agenda.

The Egypt Energy Show 2026 hosted high-impact occasions designed to deepen strategic dialogue and honour industry excellence and leadership.

GALA DINNER

AN EVENING OF INFLUENCE

Held under the patronage of the Ministry of Petroleum and Mineral Resources, the Egypt Energy Show Gala Dinner is the pinnacle of executive networking. This private, high-profile gathering brings together ministers, global CEOs and industry visionaries for an elegant evening of diplomacy, celebration and relationship-building.

ENERGY AWARDS

RECOGNISING LEADERSHIP

The Egypt Energy Show Awards honour bold, measurable contributions to innovation, sustainability and progress across the energy value chain. Endorsed by the Ministry of Petroleum and Mineral Resources and judged by a distinguished international panel, the Awards set a benchmark for energy leadership.

YOUNG PROFESSIONALS PROGRAMME

ASPIRATION INTO ACTION

The Young Professionals Programme equips the next generation of energy leaders, innovators and engineers with the tools to shape resilient, low-carbon energy systems

Designed for university and high school students, the programme combines hands-on experiences, expert-led sessions, competitions and interactive workshops to provide practical knowledge of the evolving energy landscape.

HUB HIGHLIGHTS

- _____ Race-to-Zero Challenge
- _____ Skill-Up
- _____ Innovation Lab
- _____ Youth Forum
- _____ Future Female Leaders
- _____ Energy Industry Immersion Tour
- _____ Future Energy Ambassadors
- _____ Energy Explorers
- _____ Powerskills
- _____ STEM City
- _____ Shell Eco-Marathon
