10 Years of Progress. Powering the Next Decade of Energy

Over the past decade, Egypt has strengthened its role in regional and international energy markets, connecting Africa, the Middle East and beyond through infrastructure, investment and collaboration.

Alongside this growth, Egypt Energy Show has evolved from a focused petroleum gathering into a global energy platform, bringing together governments, the global energy industry, investors and technology leaders to address the priorities shaping energy systems today and in the years ahead.

As global demand accelerates, driven by urbanisation, industrial growth and digital transformation, energy systems are being asked to deliver more than ever before. Ensuring security, affordability and resilience while advancing lower-emission solutions requires scale, investment and coordinated action across the full energy value chain.

Marking its 10-year anniversary, Egypt Energy Show 2027 reflects a decade of progress and partnership. It continues to convene the global energy community to exchange perspectives, strengthen collaboration and move from dialogue to delivery.

As the industry looks ahead, Egypt Energy Show remains a meeting point where priorities are aligned, partnerships are formed and the next phase of global energy development takes shape.

Egypt is taking decisive steps to shorten the exploration-to-production cycle in its oil and gas sector. Several initiatives are considered game-changers. These reforms create a more flexible, transparent, and investor-friendly environment, positioning Egypt as a competitive hub for upstream oil and gas development and supporting sustained energy sector growth.

STRATEGIC ALLIANCES, HISTORIC COMMITMENTS

Signing these agreements today with our brotherly nations reflects our steadfast commitment to strengthening ties and working for the benefit of our people here in Egypt. 

HE Abdel Fattah El Sisi
President Arab Republic of Egypt

Today is truly a historic day the signing of these agreements is a clear indication of the strategic nature of our relationship. These are game changers for the region, and beyond. 

HE Nikos Christodoulides
President Republic of Cyprus

POWERING CONNECTIONS ACROSS AFRICA, THE MIDDLE EAST, EUROPE AND BEYOND

Under the esteemed patronage of His Excellency Abdel Fattah El-Sisi, President of the Arab Republic of Egypt, Egypt Energy Show advances an inclusive, secure, and balanced energy future for North Africa and the Eastern Mediterranean.

Over the past decade, the Egypt Energy Show has evolved into a leading energy gathering across Egypt, North Africa and the Mediterranean, connecting Africa, the Middle East, Europe and beyond.

As energy systems face growing pressure to deliver security, affordability and resilience, EGPES brings together governments, the global energy industry, investors and technology leaders to strengthen collaboration and advance shared priorities across regions.

Covering the full energy value chain, the event supports practical dialogue, partnership development and coordinated action across markets.

Marking its 10th anniversary, Egypt Energy Show 2027 builds on a decade of progress, continuing to connect regions, align priorities and support the next phase of global energy development.

WHY EXHIBIT WITH THE INDUSTRY LEADERS

Egypt Energy Show 2027 marks the 10th anniversary edition of the region's leading energy platform — a decade of connecting industry leaders, advancing dialogue, and enabling meaningful business outcomes.

Bringing together policymakers, energy leaders, investors, and technology innovators, EGPES has evolved into a trusted global meeting point where partnerships are formed and the future of energy is shaped. Exhibiting positions your organisation at the centre of a region driving transformation across Africa, the Mediterranean and the Middle East.

ENGAGE WITH HIGH-VALUE BUYERS

For ten years, EGPES has attracted senior decision-makers actively seeking innovative solutions and strategic partnerships. Connect directly with buyers, build lasting relationships, and convert engagement into measurable commercial growth.

SHOWCASE INNOVATION & INDUSTRY SOLUTIONS

As the industry marks a decade of progress at EGPES, exhibitors present technologies and solutions advancing energy security, decarbonisation and operational excellence. Launch innovations, demonstrate expertise, and position your organisation as a partner of choice for the next phase of energy development.

LEVERAGE REGIONAL GROWTH

Celebrating ten years of industry collaboration, EGPES continues to unlock access to high-growth markets across Africa, the Mediterranean and the Middle East. Align with evolving national energy strategies and capitalise on expanding regional investment opportunities.

GAIN STRATEGIC INSIGHTS

Benefit from a decade-strong platform recognised for high-level dialogue and knowledge exchange. Engage with policymakers and industry leaders to understand policy direction, investment priorities and emerging technologies shaping the global energy landscape.

MAXIMISE BRAND VISIBILITY

Be part of a milestone edition attended by thousands of policymakers, investors, operators and procurement leaders from across the global energy value chain. Strengthen brand credibility and align your organisation with one of the industry's most established and influential energy gatherings.

Be seen by the region's most influential buyers.
Book your stand at EGPES 2027
Email impact@egypes.com to find out more

Our structure encourages cross-value-chain cooperation. By working with other industrial sectors and stakeholders, we help members position themselves within broader EU climate, energy and industrial strategies. 

Liana Gouta
Director General
FuelsEurope

WHERE POLICY, INNOVATION, AND INVESTMENT CONVERGE

With governments, NOCs, IOCs, investors, and innovators under one roof, EGPES is the region's definitive platform for strategic dialogue and tangible outcomes. It is here that critical decisions advance energy security, affordability, and sustainability.

2026 Exhibiting companies include:

9

National Oil Companies

19

International Oil Companies & International Energy Companies

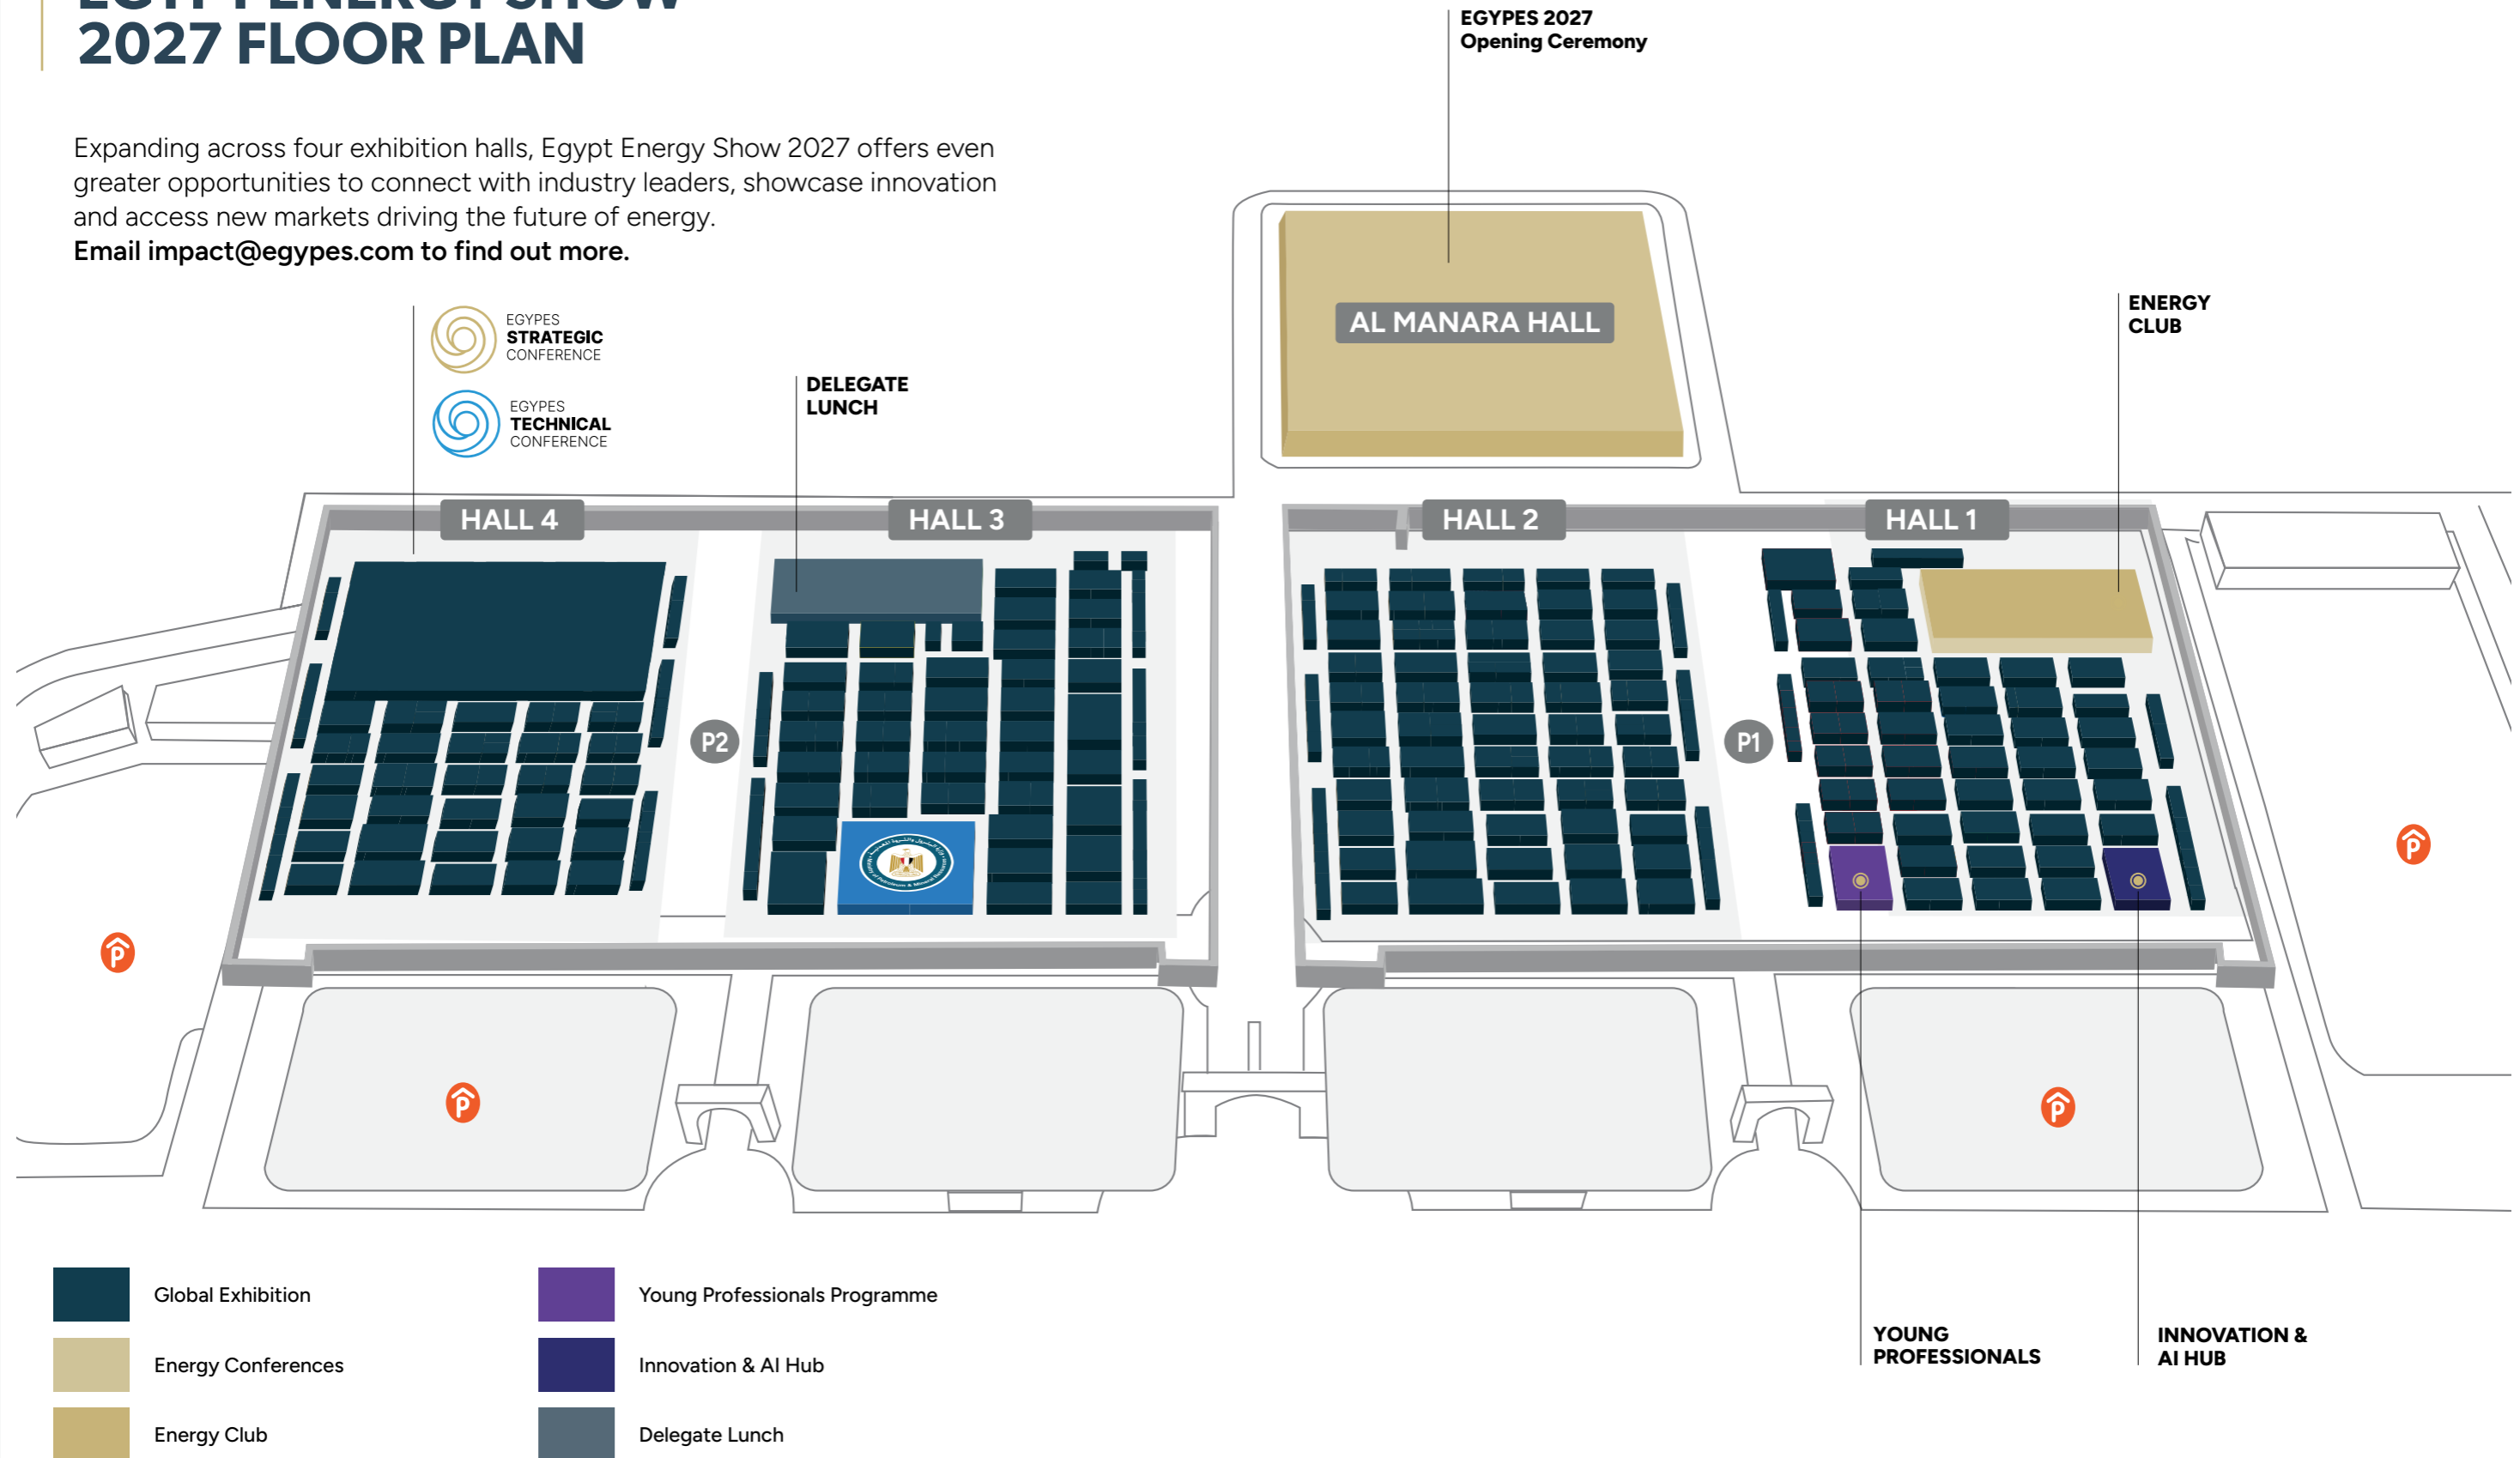

23

International Technology & Service Providers, Engineering, Procurement & Construction Companies

EGYPT ENERGY SHOW 2027 FLOOR PLAN

Expanding across four exhibition halls, Egypt Energy Show 2027 offers even greater opportunities to connect with industry leaders, showcase innovation and access new markets driving the future of energy.

Email impact@egypes.com to find out more.

THE ENERGY VALUE CHAIN, REDEFINED

UPSTREAM

Exploration & production solutions
Spanning drilling, reservoir engineering, and field development.

MIDSTREAM

Transport, storage & infrastructure
Including LNG, pipelines, shipping, and tankers.

DOWNSTREAM

Refining, processing & petrochemicals
Covering natural gas processing, petrochemicals, and crude-to-chemicals.

POWER & UTILITIES

Electricity generation & grid infrastructure
Including renewables, thermal power, transmission, distribution, and storage.

ENERGY INVESTMENT

Capital, policy & strategic projects
From climate finance and PPPs to government frameworks.

FUTURE ENERGY SYSTEMS

Low-carbon technologies & digital solutions
Including hydrogen, carbon capture, AI, and automation.

CONNECTING NATIONS, DRIVING ENERGY FUTURES

Be seen by the region's most influential buyers.
Book your stand at EGPES 2027
Email impact@egypes.com to find out more

The Egypt Energy Show's 13+ country pavilions connect governments, energy companies, and the private sector, offering exhibitors a powerful platform to showcase national expertise and secure international partnerships. For visitors, the pavilions provide direct access to national energy strategies, policies, and investment priorities.

Exhibitors benefit from the collective strength and reputation of their country's energy industry, boosting visibility, credibility, and commercial reach. Visitors gain a gateway to priority projects, breakthrough technologies, and ambitious partnerships shaping the region's energy future.

From established players to fast-growing economies, EGPES country pavilions create an inclusive environment where exhibitors expand influence and visitors discover opportunities for dialogue, collaboration, and deal-making.

OVERVIEW EGYPT ENERGY SHOW CONFERENCES

The Egypt Energy Show 2026 Conferences brought together the world's energy decision-makers to address defining issues shaping the future of the industry, from regional security and capital investment to digital transformation and low-carbon innovation.

Two comprehensive conferences, Strategic and Technical, this new multi-track programme will feature over 100 sessions including ministerial dialogues, investment debates, technical deep dives and innovation showcases, all designed to drive development through insight and action.

PROGRAMMES:

- Global Energy Markets
- Gas and LNG
- Electricity and Power Generation
- Maritime, Ports and Offshore
- African Emerging Energy Markets
- Tech, Innovation and AI
- Leadership and Development
- Renewable Energies
- Hydrogen
- Downstream
- Finance and Investment

NEW CATEGORIES FOR 2027:

- AI and Digital Era (AIDE)
- Drilling (DR)
- Completions And Well Engineering (COMPL)
- Asset Integrity & Corrosion Management (AICM)

STRATEGIC CONFERENCE

The Egypt Energy Show Strategic Conference is the region's most influential government-to-business platform, where global energy ministers, CEOs, policymakers, and industry leaders come together to address the realities and responsibilities of today's evolving energy landscape.

Against a backdrop of geopolitical and trade volatility, supply disruptions, and rising demand, the 2027 agenda will focus on reframing energy through renewed realism, transparent collaboration and positive action.

Featuring multi-disciplinary dialogues across 11 focused programmes, the Strategic Conference explores how to drive resilient energy systems, accelerate decarbonisation commitments, and ensure inclusive growth across Africa, the Mediterranean, and the Middle East.

This is where energy direction is set, partnerships are built, and strategic priorities take shape - not in theory, but in practice.

EGYPES

TECHNICAL CONFERENCE

Ambition translates into action at the EGPES Technical Conference where leading engineering talent and technology experts dive deep into the tools and methodologies transforming energy operations, with specific focus upon Africa and the East Mediterranean.

WHY SUBMIT TECHNICAL ABSTRACTS?

Covering digital transformation, unconventional resources, offshore technology, drilling infrastructure, downstream value-add and environmental governance, the Technical Conference delivers peer-reviewed insights, real-world case studies, and practical knowledge that drives operational excellence, smart processing and sustainable exploration and development. From AI-integrated infrastructure management and advanced asset corrosion management technologies to renewable integration and intelligent safety systems, the Conference addresses the region's most pressing challenges and showcases solutions designed to deliver measurable impact.

INNOVATION & AI HUB

The Innovation & AI Hub is the focal point for pioneering technology providers and energy companies, showcasing digital solutions that tackle the industry's most urgent challenges.

Connect with innovators harnessing advanced technologies to drive optimisation, efficiency, predictive maintenance, and safety. Experience the latest AI tools first-hand and explore their potential to cut costs, secure supply, extend asset lifetimes, reduce downtime, and lower emissions.

From next-gen start-ups to established tech leaders with deployment-ready platforms, exhibitors demonstrate their solutions to senior decision-makers across the energy value chain.

The Innovation & AI Hub is where collaboration meets execution - delivering transformation at speed and scale through the power of technology.

HUB EXPERIENCES

AI ENABLED START-UP PODS

Emerging ventures bringing disruptive, investment-ready solutions to the energy value chain.

LIVE DEMOS & IMMERSIVE SIMULATIONS

Immersive showcases of AI in action - from predictive maintenance and smart grids to emissions monitoring and autonomous systems.

TECH TALKS

Leading experts share cutting-edge use cases and strategies revolutionising energy through Artificial Intelligence.

PITCH COMPETITIONS

Start-Up Pitch (Day 1) for early-stage ventures; Industry Pitch (Day 2) for deployment-ready technologies.

EGYPES ENERGY CLUB

Where leaders connect

In line with Egypt Energy Show's mission to transform energy through collaboration, action and realism, the Club serves as a critical platform for forging partnerships, exploring investment opportunities and aligning on strategic priorities for the year ahead.

Participation is reserved for the most influential voices across policy, finance, technology and operations, ensuring every interaction is purposeful, senior-level and future-focused.

EXCLUSIVE ACCESS FOR ENERGY CLUB MEMBERS TO:

MEMBERS ONLY PRIVATE LOUNGE

PRIVATE MEETING SUITES

PREMIUM NETWORKING AMONG 1,800 PEERS

VIP CONCIERGE SERVICES AND AMENITIES

MEDIA-FREE ENVIRONMENT

VIP EXPERIENCES

Recognising excellence

Exclusive, invitation-only experiences reserved for the senior decision-makers shaping the global energy agenda.

EGYPES 2026 hosts high-impact occasions designed to deepen strategic dialogue and honour industry excellence and leadership.

EGYPES GALA DINNER

AN EVENING OF INFLUENCE

Held under the patronage of the Ministry of Petroleum and Mineral Resources, the EGYPES Gala Dinner is the pinnacle of executive networking. This private, high-profile gathering brings together ministers, global CEOs and industry visionaries for an elegant evening of diplomacy, celebration and relationship-building.

EGYPES ENERGY AWARDS

RECOGNISING LEADERSHIP

The EGYPES Energy Awards honour bold, measurable contributions to innovation, sustainability and progress across the energy value chain. Endorsed by the Ministry of Petroleum and Mineral Resources and judged by a distinguished international panel, the Awards set a benchmark for energy leadership.

YOUNG PROFESSIONALS PROGRAMME

Aspiration into action

The EGPES Young Professionals Programme equips the next generation of energy leaders, innovators and engineers with the tools to shape resilient, low-carbon energy systems.

Designed for university and high school students, the programme combines hands-on experiences, expert-led sessions, competitions and interactive workshops to provide practical knowledge of the evolving energy landscape.
