The Egypt Energy Show (EGYPES) 2026, taking place from 30 March to 1 April in Cairo, stands at the center of global energy transformation.

Held under the esteemed patronage of His Excellency Abdel Fattah El Sisi, President of the Arab Republic of Egypt, the event brings together influential leaders, decision-makers, and innovators from across the energy sector. As Egypt and the wider region accelerate progress toward a more secure and sustainable energy landscape, EGPES connects governments, industry, finance, and technology to drive real-world impact and commercial opportunity.

Following a record-breaking edition in 2025, EGPES 2026 returns with greater momentum, expanded participation, and a renewed focus on business growth, innovation, and climate-conscious solutions. Plan your journey now and experience Cairo – a city of culture, commerce, and connectivity – as you take part in shaping a just, inclusive, and sustainable energy future.
